Symposium Schedule

8:00 am	Coffee and Registration
8:30 am	Introduction <i>Dr. Michael Gold</i> , Interim Director, The Center for Agroforestry
	Welcome and Introduction of Keynote Speaker: <i>Dr. Christopher Daubert</i> , Dean, College of Agriculture, Food and Natural Resources
8:45 am	Priorities for Advancing Soil Health Management Systems <i>Dr. Wayne Honeycutt</i> , President and CEO, Soil Health Institute
9:30 am	Soil Health and Promoting Multi-Functional Agriculture Systems: Insights from California <i>Dr. Amelie Gaudin</i> , Associate Professor, University of California Davis
10:00 am	Soil Ecosystems Services of Agroforestry <i>Dr. Ranjith Udawatta</i> , Center for Agroforestry
10:30 am	Coffee break
11:00 am	Panel Discussion: Farmer Perspectives on Enhancing Soil Health
	LU
12:00 pm	Lunch (Soil Demonstrations and Poster Session in McQuinn Atrium)
	LU
1:00 pm	Advances in Soil Health Indicators: Developing Affordable and Interpretable Tests for Farmers <i>Dr. Kristen Veum</i> , USDA-ARS
1:30 pm	Soil Health and Conservation in Missouri <i>Sara Parker Pauley</i> , Director, Missouri Department of Conservation
2:00 pm	National and Regional Trends in Adoption of Soil Health Practices <i>Dr. Rob Myers</i> , Director, USDA - North Central SARE
2:30 pm	Panel Discussion: Programs and Agency Coordination for Soil Health in Missouri Moderator: <i>Gregory O. Mori</i> , Outreach Coordinator, UMCA
3:45 pm	Reception, Poster Session and Demonstrations in McQuinn Atrium (Until 5:45 p.m.)
4:30 pm	Reception Presentation, <i>Nick Goeser</i> , Soil Health Partnership/NCGA
5:45 pm	Adjourn

About the Center for Agroforestry

The Center for Agroforestry at the University of Missouri (UMCA), established in 1998, is one of the world's leading centers contributing to the science underlying integrated practices of agroforestry.

These practices enhance land and aquatic habitats and improve biodiversity while sustaining land resources for generations to come. Our major goal is to support the long-term future of family farms and forests by achieving economic, environmental, and social sustainability. Each year in January, UMCA hosts the Agroforestry Symposium, an opportunity to bring together leading researchers and practitioners to explore in depth and showcase a compelling agroforestry related theme.

The Center for Agroforestry would like to thank
our generous sponsors for their support

Symposium is free and open to the public. Advanced registration requested at: goo.gl/iywnii
Can't join us in person? See livestream details and view recorded version of past UMCA Agroforestry Symposia at:
