

Growing Edible Mushrooms You Can Do It!!

Saturday, April 14, 2018

9:00 am - 3:00 pm

(Registration begins at 8:30 am)

Horticulture and Agroforestry Research Center,

10 Research Center Rd., New Franklin, MO, 65274

Topics Include

Fungi-mentals

- What are fungi? Overview of the mushroom life cycle, relation with plants and forest ecology

Growing Shiitake Mushrooms on Logs

- Learn how to inoculate logs with saw dust and plug spawn.

Growing Oyster Mushrooms and Other Species on Totems and Stumps

- Practice inoculating log totems to grow oyster mushrooms

Growing Winecap/Stropharia Mushrooms on Wood Chip and Straw

- Learn how to prepare a mushroom bed and integrate as a mulch with perennials and gardens

Getting Started at Your Home or Farm

- Sourcing materials, costs, setting up a growing area, management and marketing

Cost of the workshop is \$20 which includes lunch and an inoculated log to take home.
